PAPER REVIEWING MODULE AUTHOR'S GUIDE

1.1 Getting started

Firstly, you must log in to the system; you will find a link `Download Template` in the left menu under `Paper Reviewing`.

1.2 Download template area

If the paper reviewing manager provides you a template for the papers, you can download it by clicking on the template name.

List of contribution templates

| Name | Format | Description |
|---------------------------|-------------------|-------------|
| template1 | OpenOffice Writer | |

1.3 Upload paper area

You can access the list of contributions and follow their status from **View: Contributions**

| Id | Name | Reviewing Status | Actions |
|-----|--|-----------------------------|----------------------|
| 559 | Indico Central - Events Organisation, Ergonomics and Collaboration Tools Integration | Materials not submitted yet | View |

By clicking on the **View** link you can access the specific information for the contribution where you can upload a new paper.

Indico Central - Events Organisation, Ergonomics and Collaboration Tools Integration

Presented by **Mr. Jose Benito GONZALEZ LOPEZ** on 24 Mar 2009 14:00 - 14:20
 Type: oral
 Session: Collaborative Tools 
 Track: Collaborative Tools

Content

While the remote collaboration services at CERN slowly aggregate around the Indico event management software, its new version which is the result of a careful maturation process includes improvements which will set a new reference in its domain. The presentation will focus on the description of the new features of the tool, the user feedback process which resulted in a new record of usability. We will also describe the interactions with the worldwide community of users and server administrators and the impact this has had on our development process, as well as the tools set in place to streamline the work between the different collaborating sites. A last part will be dedicated to the use of Indico as a central hub for operating other local services around the event organisation (registration epayment, audiovisual recording, webcast, room booking, and videoconference support)

1.4 How to submit the reviewing material

- The next step will be to submit your reviewing material. You can do this by clicking on the **Upload paper** link in the right of the page.

When you click a popup will be opened in order to submit your paper. You have to follow these two steps to submit your paper.

- Step 1: Use **Upload paper** link, in the right panel, under **Call for paper** in order to add the material to be reviewed.

Paper selection and submission ✕

Upload paper

There are no paper uploaded.

Submit Close

Choose the file(s) for your contribution. If you want you can add a description and a display name for the file(s) in the Advanced tab. After that click on Create Resource.

Upload Paper ✕
