PAPER REVIEWING MODULE - CONTENT REVIEWERS'S GUIDE

1.1 Getting started

As a content reviewer your responsibility is to give your opinion about the papers' content. Firstly, you must log in to the system, then you will find a link `Content Reviewer Area` in the left menu under `Paper Reviewing`.

1.2 Content reviewer area

When you access the content reviewers area you will find a list of all the contributions that are assigned to you for judgement. You see the state of every contribution - if you have already judged a contribution or if the assigned referee has given the final judgement.

Judge as Content Reviewer			
Give advice on content of the paper			
Id	Title	State	Deadline
0	contribution 1	Advice not given yet	Tue 29 Mar 2011
1	contribution 2	Advice not given yet	Tue 29 Mar 2011

From the list you can click on a contribution's title and access the page which will allow you to judge that contribution. Once in that page, you should fill in the questions provided by the paper review manager. The comments that you write should help the Referee to give his judgement. As a final step, give your judgement of the content of the contribution: to be corrected, rejected, accepted. The authors of the contribution will receive an automatic e-mail notification containing your comments and judgement, if the Managers of the paper reviewing set this option.

Main	Material	Sub Contribution	Paper Reviewing
Judge Content	Material to Review		

Give opinion on the content of a contribution ?

Reviewing questions

Is the paper interesting regarding the field of the conference?
