SESSION MANAGER'S GUIDE

1.1 Session Manager

The Session Manager has full control of a session. However, your Conference Manager may request you not to edit some parts of the session. You are given the Session Manager rights by your Conference Manager.

You can access your session by selecting *My session* from the conference menu.

1.2 Session Management

Once in the session management area you can start managing your session using the following tabs.

This is just a quick start guide for session management, for an in-depth explanation please see Session Management in the Indico User Guide.

1.2.1 Main Tab

The Main tab contains all the data about the session itself

Session: **session 1**

Contributions need to be imported into your session before you can schedule them. By clicking on the contribution name you can then enter the modification area of that contribution.

1.2.3 Session Timetable Tab

The Session Timetable tab lets you arrange the scheduling for your session, you can add/edit/delete session blocks, organise when your contributions are going to take place, and include breaks within your session.

Modification control

Managers
(users allowed to modify)

[Add user to list](#)

Access control

Current status Your session is currently **PUBLIC**.

This means that it can be viewed by all the users, regardless of the access protection of its parent event 'Conference 1'.

Modify status

Make it **PRIVATE** (viewable only by the users you choose, regardless of the access protection of the parent event 'Conference 1').

Make it **INHERITING** the access protection from its parent event 'Conference 1' (**PRIVATE** for the moment).

Domain control

Allowed domains
(if no domain is selected no control is applied)

Coordination control

Coordinators

[Add user to list](#)

You can assign users the rights to be Session Co-ordinators or to be Managers alongside yourself. A co-ordinator can schedule contributions and breaks, he can only change slots if they Conference Manager has given him that right. A session co-ordinator cannot change details of the session itself.

1.2.5 Tools Tab

The Tools tab allows you to delete and to write minutes for the session.

1.2.6 Comment Tab

The Comment tab stores any comments about your session. You can view this comment but only the Conference Manager can modify the comments.
